Frameworks & Technologies: React.js, Angular, ASP.NET, Git, Bootstrap, Azure, Tkinter, WordPress, Linux, Node.js, MySQL, SSMS, PostgreSQL, MongoDB, PowerBI, Microsoft Suite, DAX, Data Visualization, Big Data, Data Analytics, Excel, ETL (Extract, Transform, Load), Statistical Modeling, Business Intelligence, Project Management, etc.

WORK EXPERIENCE

Microsoft ATO/ Elev8 Education, Lagos – Software Developer

[April -June 2022]

- Collaborated and led a team of engineers to develop a web app (Zirconium), an SME marketplace. The application was implemented using ASP.NET (C#). Using the Agile methodology improved productivity by 50%. Voted best project in my cohort.
- Created stored procedures with SSMS to spool records from one table to another as well as insert, update, and delete records from the database. Also used predicates, aggregate functions, DCL, DDL and DML to manipulate data in a database.
- Built web Apps that can perform CRUD operations as well as implemented user verification and authentication process.

Precise Financial Systems, Lagos – Application Implementation and Support Engineer

[Feb. – March 2021]

- Collaborated with network and software engineers to install and implement applications on servers, troubleshoot, and resolve technical issues for company clients.
- Provided first-level technical support to customers/users/clients via phone, skype, email and other communication channels.
- Exhibited strong technical aptitude and application expertise resulting in optimized performance, continuous improvement recommendations and product innovation.

PELSE Consulting, Lagos – Business Development Associate

[June 2020 – Jan. 2021]

- Planned, supervised, and coordinated workshops and live events and also conducted market research and identify potential clients by managing multiple clients concurrently and meeting deadlines.
- Identified new business opportunities and clients and coordinated marketing and networking events.
- Assisted with drafting business plans, sales pitches, presentations, reference material, and other documents as required.

CERTIFICATIONS

Scrum Foundation Professional Certificate

May 2022

Remote Work and Virtual Collaboration Professional Certificate

May 2022

Python for Data Science: Intermediate – dataquest.io

June 2020

ACTIVITIES & TRAININGS

Participant: Data Analytics & Management Training (Project DHub) by Carrington Youths Fellowship Initiative (CYFI).

Participant: Software Development Upskilling Program by Microsoft ATO in collaboration with Elev8 Education.

Volunteer: Trained Corps Members on Introduction to Data Analytics. Implemented using Python, MSSQL, and PowerBI.

Volunteer: Co-facilitated a workshop for the staff of Kashim Ibrahim College of Education Staff School implementing the automation of student results using Microsoft Excel. The project was a success delivering faster, safer and a more accurate result system and reduced paperwork for the next term by 40%.
